

Partners Healthcare Lab Locations: Greater Boston Area

The following is a list of Partners' affiliated lab locations where you might go to obtain the lab work asked of you for B-LO. Of course, your Primary Care Provider's office is a great first choice, if that is most convenient for you. If in the event none of the locations listed here are close enough proximity, please inform your B-LO Navigator which outside lab you intend to use and provide the appropriate fax number. Your lab order will be faxed prior to your visit.
